

# INQUIRY THROUGH THE CREATIVE PROCESS

## PREPARATION

Choose a topic you'd like to study and reason for why you'd like to study it.

01

## INCUBATION

Write down all of the questions you have about that topic. Narrow your focus. Edit. Revise. Add more questions.

02

## ILLUMINATION

Keep asking questions until you have an interesting one about your original topic that you'd like to explore.

03

## EVALUATION

Take a good look at that question. Is this the one you want to spend your time and energy on?

04

## IMPLEMENTATION

Conduct your research and learning based on the question that you chose.
