KINDERGARTEN

compare
opposite
before
different
similar
object
measure
pattern
curves
slide

1ST GRADE

similar
object
symbol
group
pattern
compare
half
describe
side
size
parallel

curves
slide
turn

2ND GRADE

form
sequence
pattern
group
interpret
symbol
slide
reflect
intersect
measure
three-dimensional
line of symmetry

3RD GRADE

expression
form
product
length
symbol
combinations
weight
angle
symmetry
line
dimensions

4TH GRADE

comparison
expression
product
symmetry
measure
length
interpret
frequency
distance
lines

5TH GRADE

patterns
form
expression
variation
inverse
sequence
symbol
product
ratio
part
whole
transformation

half
organize
arrange
scale
line
distance
vertical
diagonal
horizontal
symmetry
quarter

11/12

6TH GRADE

scale
measure
compose
symbol
expression
grid
collection
interval
simulation
symmetry

7TH GRADE

point
area
proportion
analyze
compose
notation
expression
value
range
scale drawings

8TH GRADE

expression
value
notation
frequency
non-linear
rigid
symmetry

9TH GRADE

expression
notation
properties
model
measure
acceleration

10TH GRADE

scale
direction
structure
value
range
vary
inverse
frequency

11TH/12TH GRADE

linear
range
oblique
measure
symmetry
composition
variation
velocity
arc
chord
