

USE THIS TASK LIST AS A GUIDE FOR INTEGRATING WITH OTHER TEACHERS.

CONTENT TEACHERS:

- REVIEW where students have gaps or struggle in your curriculum.
- SELECT 2-3 of these areas to create a STEAM lesson. Share these with your arts teachers.
- IDENTIFY the core skills and processes students need to know in these areas.
- EXPLICITLY TEACH these skills and processes.

ARTS TEACHERS:

- IDENTIFY areas in your curriculum that naturally align with other content areas
- REVIEW the areas from content area teachers that have been identified as possible STEAM lessons. Highlight ones you could connect on.
- IDENTIFY & TEACH core skills & processes students need to know in your arts area for these lessons.

TOGETHER:

- MEET AND CREATE a STEAM lesson that focuses on student application of aligned standards from both content areas.
- DELIVER the integrated lesson (choose your preferred level): LOW MEDIUM HIGH
- ASSESS the integrated lessons.
- REVIEW the assessments for trends and discuss next steps for the next lesson.
