

OIL PASTELS AND VEGETABLE OIL

VISUAL ART *Technique*

MATERIALS:

- Oil Pastels
- Paper
- Q-Tips
- Vegetable Oil
- Sharpie Marker
- Pencils

DIRECTIONS:

1. Create your design and then color with oil pastels. You do not need to fill the entire space with color.
2. Dip a q-tip into a small amount of vegetable oil and then paint over the oil pastel. You can "push" the color towards the edges of the drawing space.
