Creating your Sway

Sway:

We will be utilizing Sways to help us document and organize our Arts Integration and STEAM lessons! Using a universal platform will allow us to easily to reference prior lessons and to demonstrate student learning in a visual way as an academic community.

1 STEP 1

Visit www.sway.com and log in. Locate and visit the Sway Page. Click or tap the "new" button to begin your Sway.

2 STEP 2

Insert a background image for your sway. Image should be either a student product or an image that is directly related to the lesson in some way.

3 STEP 3

Add your presentation text. See page 2 for details of what text should be included.

4 STEP 4

Add images and media by importing photographs, pdfs, videos (from youtube), and audio. See page 2 for details of what the images and media should portray.

5 STEP 5

Customize your Sway using the "layout" button and the "mood" button.

6 STEP 6

Share your sway! Copy and paste your Sway URL into an email and send it to your Arts Integration Specialist at the following email:
