FOR ARTS INTEGRATION AND STEAM

WHAT IS THE ACCELERATOR?

This online platform provides K-12 schools and districts with full access to our comprehensive curriculum, resources, training, and conferences for arts integration and STEAM.

Now more than ever, online learning is critical for K-12 schools and districts. But not just for students! **Teachers need access to high-quality online professional learning options, too.**

The Accelerator provides your teachers with equitable access to fully-accredited online professional development in arts integration and STEAM.

So you can bring creativity to your students - no matter where they are.

Pricing starts at $225/teacher per year
with affordable group rates available

Personalized. Comprehensive. Connected.

Arts integration & STEAM require curriculum, resources, AND professional development in a tried-and-true sequence. But, it also needs to be flexible enough to work for your schedule.
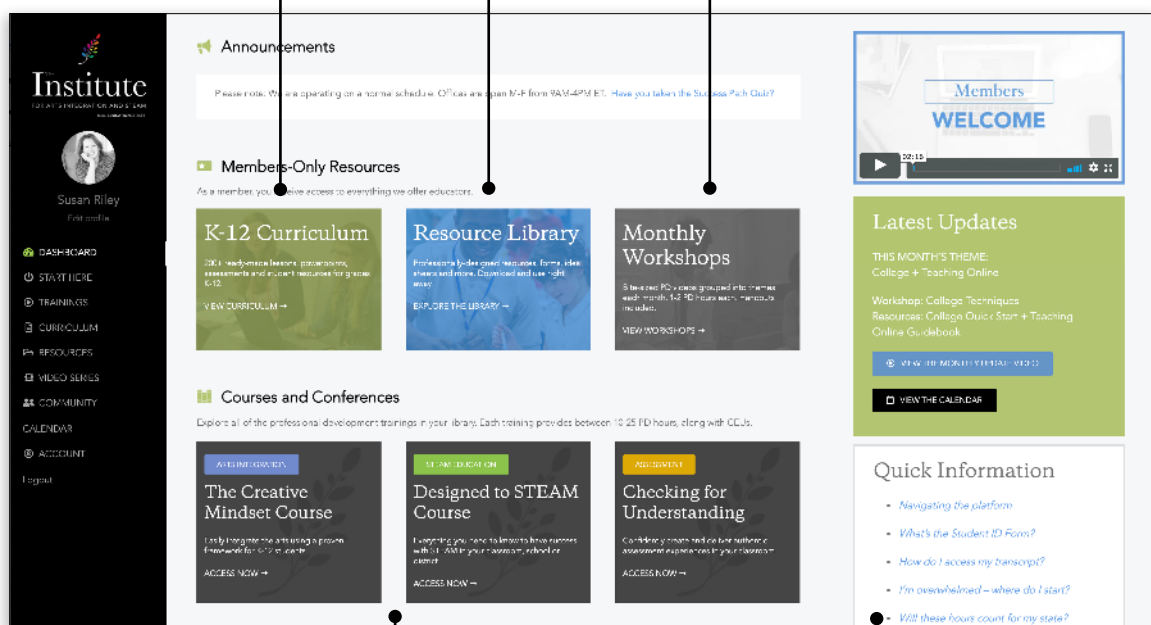

That's why we've created our Accelerator program. It's an all-in-one platform with curriculum, resources, and PD **designed for teachers, by teachers.**

200+ Lessons, Assessments & Student Resources - K-12 digital curriculum supplement

100+ Professional Resources - updated monthly

Online Workshops with PD hours - current topics & trends. New each month.

Access to ALL courses, conferences, and video series - Over 200+ Accredited PD hours. New events added regularly.

Success Path Quiz - Provides personalized recommendations for resources based on each teacher's responses.

Time Savings

"I can't tell you how much time this has saved me. I have used the workshops for staff meetings, the courses for my required hours and the lessons have been a lifesaver. Thank you for such an amazing resource. It's like you know just what we need!."

– TAYLOR SHICOFSKI, STEAM Coordinator

The Institute for Arts Integration and STEAM is accredited by the International Association for Continuing Education and Training (IACET). The Institute complies with the ANSI/IACET Standard, which is recognized internationally as a standard of excellence in instructional practices. As a result of this accreditation, The Institute is accredited to issue the IACET CEU.

DIGITAL CURRICULUM SUPPLEMENT

INCLUDED!

Everything you need to integrate **hands-on, standards-based, creative experiences** for K-12 classrooms (both in-person and online).

LESSON PLANS

There are 15-18 lesson plans per grade (K-12) that are included. These lessons are comprehensive and include step-by-step sequences to ensure you're successful in delivering these for your students. **Every lesson is aligned with two standards**: one content standard and one arts standard. We use the Common Core, Next Generation Science and National Arts Standards for these lessons.
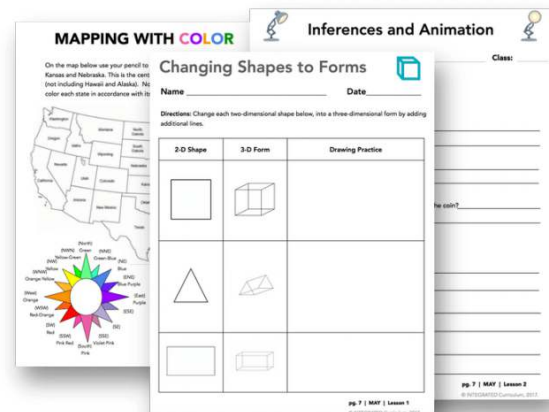

POWERPOINTS

You'll get a powerpoint for every lesson. These powerpoints make it simple for you to use each lesson. Your artwork examples, videos, sound clips and directions are all provided within your slidedecks. And, each slidedeck is editable. You if you want to add your own flair, you can! **This is great for anyone working on eLearning lessons.** Just upload to your LMS and teach.

STUDENT MATERIALS & ASSESSMENTS

Professionally designed resources, assessments, and materials are included. No more stressing about creating student worksheets or support materials. Every reference, handout and card is included with each lesson. Plus, each lesson comes with a teacher and student scoring guide. Assessment is baked right in.

ONLINE CONFERENCES

The Online Event for
CREATIVITY IN EDUCATION

World-Class Arts Integration and STEAM Events

You'll get everything you need to use STEAM and Arts Integration – in each conference event.

GAIN CLARITY AROUND INTEGRATING THE ARTS

If you've ever wondered "what's the difference between Arts Integration and STEAM?" or felt confusion and overwhelm on how to use these approaches, this conference will help you get crystal clear on what, how and why integration works.

BUILD CONNECTIVE CURRICULUM

Creating time for arts integration and STEAM is easier than you think. Learn how to strategically weave these approaches into your current curriculum, connect with other content areas, and take your current content to the next level.
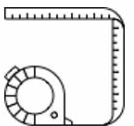

DEVELOP SUCCESSFUL STEAM LESSONS AND UNITS

You'll leave the conference with armfuls of new lessons and units that you can replicate and recreate for your own classroom. Even better? You'll be empowered with the tools to create your own lessons that work every single time.

...AND SO MUCH MORE!

Even if you've done your own "research" on arts integration and STEAM, this online conference will give you what you can't find on your own: specific and successful ideas and resources that are working NOW, from teachers who are in schools just like yours.

CREATE EXCITING MAKERSPACES

Get a straightforward look at how to build your own makerspace – including what items you need (and don't need) – and how to use them most effectively with students.

The Accelerator is your one-stop-shop for resources and streamlined trainings to make using arts integration and STEAM easy:
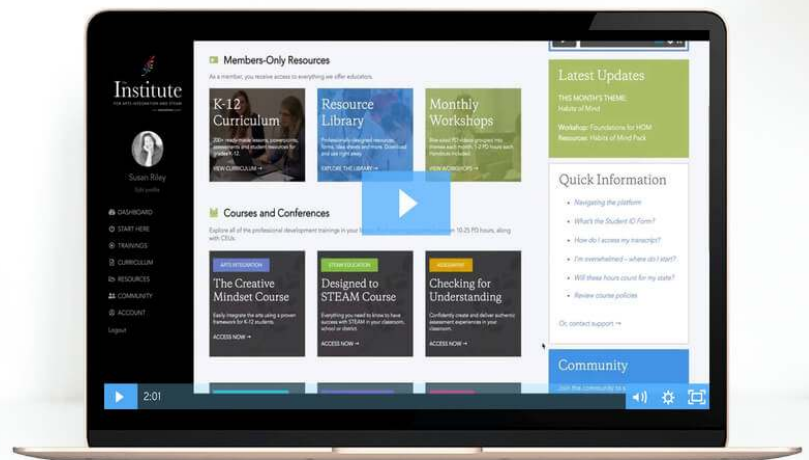

I Couldn't Teach Any Other Way

"My students perform better, enjoy my lessons, and love the connections to the Arts and the other disciplines. In my classroom, it may even come across as "ordinary". I don't think I could teach any other way. Grateful…..and loving teaching."

– BETTY JO MOORE
Middle School Science Teacher
