

ALL ABOUT FOLDSCOPE

FOLDSCOPE IN THE CLASSROOM

From mold spores to flower petals and light transmission to owl pellets, Foldscope can help you bring it to life in your classroom.

For inspiration, check out their [blog](https://www.foldscope.com/blog) on [foldscope.com](https://www.foldscope.com)

MICROCOSMOS

Microcosmos is Foldscope's online community that is free and open for everyone to explore. It is a space that encourages openness and inclusion, regardless of scientific experience or background.

TUTORIALS

Got your Foldscopes in-hand but you're not quite sure how to use them? Foldscope has you covered with **user guides**, **tutorials**, and even **lesson plans** to get you started with fidelity!

WHAT WILL YOU FIND WITH YOUR FOLDSCOPE?
