

# THE **Brave** PROJECT PLANNER

Name: \_\_\_\_\_ Teacher: \_\_\_\_\_

What do you want to create? Describe the idea, even if it's not totally clear yet. Why does it matter to you?

Who do you hope will connect with your work? What do you want them to learn or feel?

Real creativity involves risk. What makes you feel nervous about this project?

Bravery isn't being fearless, it's acting in spite of fear. How will you take a risk?

Failure is part of the process. What will you do if your idea doesn't work? What you can learn from it?

## Reflection (*after the project*):

How did you grow? Circle one: **courage**   **creativity**   **confidence**   **curiosity**   **connection**
